Dear Colleagues,
None of us have remained untouched by the challenges of the COVID-19 pandemic. It has stretched us in many ways, perhaps most especially from a mental health perspective. Weighed down with worry, we are each managing the challenging complexities of daily life and personal loss.

It's important that we take care of ourselves and reach out for support when we need it. This guide is designed to offer a number of resources and tools available to you and your family as we move forward through this uncertain time. I sincerely hope that if you are struggling, you take advantage of the resources you are eligible for as a member of the Northeastern family.

Sincerely,

Michele Grazulis
